health, defense, morality.

ing those in our State Department.

al purpose' dedicated to freeing the half of

the world enslaved by the Communists. Fo

Helen Keller said: "Most of us take life for granted. Only the deaf appreciate hearing, only the blind realize the manifold blessings that lie in sight. It is the same old story of not being grateful for what we have until we lose it, of not being conscious of health "But I who am blind can give one hint

to those who see: use your eyes as if tomorrow you would be stricken blind. And the same method can be applied to the other senses: hear the music of voices, the song of a bird, the mighty strains of an orchestra, as if you would be stricken deaf tomorrow. Touch each object you want to touch as if tomorrow your tactile sense would fail. Smell the perfume of flowers, taste with relish each morsel, as if tomorrow you could never smell

"Make the most of every sense; glory in all the facets of pleasure and beauty which the world reveals. Thus, at last, you will really see, and a new world of beauty will open

FOR AND AGAINST

One of my devoted readers has inquired: 'Have you decided what all you're going to be against in the coming year?" Much as I hate to disappoint this booster, my New Year's resolutions all relate to things I am for. I am strongly for a congressional investigation of the State Department - to give the Wielands, Rostows, Rubuttoms and the faceless brigade a chance to prove their in-

ing business is one of the ture.
